

Skills cards for new professional roles: easy-to-read validators and facilitators

October 27

CEAPAT
C. Extremeños, 1,
Madrid, SPAIN

Second Multiplier Event
of Train2Validate European Project

Conference organized by:

In collaboration with:

Associated Partner:

www.train2validate.org

Train2Validate is the short name of the European Erasmus Plus Project
Professional Training for Easy-to-Read validators and facilitators

Train2Validate is the acronym of the Erasmus+ project
“Professional training for easy-to-read facilitators and validators”.

Easy-to-read is a methodology to write texts for people with reading difficulties.

To create these texts, there are several profiles:

- > Writers create the text applying writing and design guidelines.
- > Validators check that these texts are comprehensible.
- > Facilitators help validators in their job.

This project aims to create the professional profile
of easy-to-read validator and facilitator
and it is divided in six parts:

- > A research about current training for easy-to-read validators and facilitators.
- > The skills cards for validators and facilitators.
Skills cards detail what a person need
to achieve in training to become a professional.
- > The curricula for validators and facilitators,
that explain the courses to learn.
- > The learning materials with guidelines for trainers.
- > The validation of the learning materials and tests for trainees,
to check that they are understandable and suitable.
- > The possible ways to create a certificate for validators and facilitators.

We are going to celebrate an event to present the skills cards
for easy-to-read facilitators and validators.

This event will take place in Madrid on Wednesday, October, 27th.

It will last from 9.30 to 17.00.

In the next pages, you can read the full programme.

We explain:

- > At what time each person talks.
- > The title of the talk or the panel.
- > The name of the participants.
- > A summary of what they are going to talk.
