Workshop + Conference

Organised by:

In collaboration with:

Train2Validate is the short name of the European Erasmus Plus Project
Professional Training for Easy-to-Read Validators and Facilitators

2020-1-ES01-K203-082068

The EU-funded Erasmus+ project Train2Validate – acronym for “Professional training for easy-to-read facilitators and validators” – is aimed at producing learning materials for the vocational and academic training and professional recognition of facilitators and validators of texts written in easy-to-read language for the benefit of people with learning and intellectual disabilities.

In the framework of the Train2Validate project, the partners are pleased to organise the third Multiplier Event, during which the results of the Intellectual Output on the creation of a vocational and academic curriculum for validators and facilitators will be presented.

The event includes a workshop and a conference. During the workshop attendants will learn the bases of easy-to-read writing, while the conference has the twofold aim of informing participants about the project results and to discuss the professional, social, and educational challenges of Easy-to-Read writing and validating.

This full-day event will take place in Pisa (Italy) on Thursday, 07 April 2022, in the premises of the Advanced School for Interpreters and Translators SSML, at via Santa Maria 155.

It will last from 9.30 to 18.00.

In the next pages, you can read the full programme.
