Organised by:

In collaboration with:

Train2Validate is the short name of the European Erasmus Plus Project
Professional Training for Easy-to-Read Validators and Facilitators

2020-1-ES01-K203-082068

Train2Validate's Multiplier Event 5

What is Train2Validate?

Train2Validate is a project.

Train2Validate is short

for Professional training for easy-to-read facilitators and validators.

The project number is 2020-1-ES01-KA203-082068.

The European Commission supports Train2Validate.

Train2Validate is about Easy-to-Read texts.

Train2Validate is also about the people who test if texts are easy to read and understand.

We call these people **validators**.

People who support validators are **facilitators**.

Validators are people with reading difficulties.

Validators read a text.

Then, they say:

- Yes, the text is easy-to-read. Or
- No, the text needs changes.

Validators work with **facilitators**.

Facilitators help validators during the tests.

Facilitators are usually people without reading difficulties.

What did we do in Train2Validate?

We created 2 training courses.

One course is for people who want to become validators.

The other course is for people who want to become facilitators.

How much do training courses cost?

The training courses are free.

They will be open online in August 2023.

Project website

You can find more information about the project here:

<https://plenainclusionmadrid.org/train2validate/>

Europe's Easy to Read Validators: Embarking on an Adventure!

An **event** is a gathering of people.

The event in Ljubljana is the **last event of the project**.

Soon, the project will be over.

We now have the project results.

Online training materials for validators and facilitators will open in August 2023.

Where is the event?

The event is at Rotonda Commercial building.

The address is:

Dunajska c. 167

1000 Ljubljana, Slovenija.

Where is that: [Rotonda Building](#)
